# Viewdle Crack Free Download X64

### **Viewdle Crack+ Registration Code [32|64bit]**

Viewdle Torrent Download is an innovative new application that allows you to tag friends and upload photos to Facebook or Twitter, just by clicking on a few buttons. After downloading, installing and connecting to Facebook, you'll be able to upload your photos directly from a variety of file types. You can then tag friends with their full name and add a caption or comment. Next, Viewdle Cracked Accounts will send all of your new photos and albums directly to Facebook, which your friends can then easily access. You can choose which of your friends and Facebook albums are visible to the public, while the rest are only accessible to you. Afterward, Viewdle can automatically send your photos to Twitter, or you can do it manually. Viewdle will make suggestions as to the best friends to tag, and you can go back later to make any necessary changes. Viewdle allows you to edit the suggested tags, as well as add any additional tags you like. Furthermore, you can import your entire list of friends from Facebook, and Viewdle will create an automatic tag for each of them. You can easily update your list of friends or remove them by accessing the menu. Viewdle lets you edit the suggested tags for all of your photos. You can also go back to your friends' photos to make any necessary edits. You can use any language to name your tags, which is a great tool for labeling photographs. Viewdle is a free application. Viewdle Requirements: Viewdle requires Facebook Connect. Viewdle supported Platforms: Viewdle is available for all supported platforms, including PC, Mac, Android and iOS. Viewdle Versions: Viewdle 1.0 is free. Viewdle 1.1 for Windows 7, Vista and Windows XP is \$19.95. Viewdle 1.2 for Mac OS X is \$19.95. Viewdle 1.2 for Android is \$19.95. You can also buy Viewdle 1.2 for Linux. Viewdle 1.3 for Android and Windows 7/8/8.1 is \$24.95. 1 Comment WOW, you guys are great! I downloaded the trial version and I love it! I can tag my friends, drag and drop into a conversation in my emails, drag and drop into my FB albums, and import my friends from FB into Viewdle

#### **Viewdle Crack PC/Windows**
